

About Blackfriars

Blackfriars is an independent Catholic school under the governance of the Dominican friars, committed to providing a well-rounded education – academically, socially, emotionally, physically and spiritually – that caters specifically to the needs of boys. We develop young men who seek truth in life, walk with confidence and purpose and are inspired by the Four Pillars of Dominican life – Prayer, Study, Community and Service.

Blackfriars provides over 700 students from Reception to Year 12 with modern facilities, outstanding resources, world-class tuition and opportunities to explore and question, develop confidence in their abilities and identify and excel in their natural strengths.

The only school in Australia founded by the Dominican friars, Blackfriars remains faithful to the search for truth – *veritas* – as lived and taught by Dominicans across the world for the past 800 years. This search follows authentically in the footsteps and foundations described by St Dominic himself, and by the school's patron, St Albert the Great.

Since its establishment in 1953, Blackfriars has provided an inclusive and progressive educational environment where boys have every opportunity to find their way in the world.

Our Philosophy

The philosophy of Blackfriars is to educate in the pursuit of truth through a life of contemplation and action. We are a Christ-centred Eucharistic community, and this is reflected in all facets of our learning and teaching including an active prayer life and a passion for ministry, justice, peace, equality, religious education and pastoral care.

Our Dominican tradition commands us to recognise and accept the difference in ability and gifts of each student and differentiate learning and teaching appropriately. We synthesise faith and reason, recognising the signs of the times, so as to inspire boys to become fully human and reach their potential as balanced, humble men, who have a deep love for the world in which they live.

Our Mission

Blackfriars is a Catholic Dominican school for boys which promotes the spiritual, intellectual, physical and social development of each member of the school community. We aim, in co-operation with families, to engage students in an educational experience within the context of a Christian community which is fulfilling and rewarding.

Our Vision

To deliver excellence in boys' education through the provision of a transformative, vibrant and reflective learning community that equips and inspires students to confidently and successfully participate as men of integrity in a rapidly changing world.
